

University Roadshow is a hit with students

A University Roadshow Bus giving advice and information about applying for further education was a big hit with students at Havering Sixth Form College.

The green double-decker bus from Anglia Ruskin University parked up in the college car park in Wingletye Lane, Hornchurch, from 10am to 3pm on Tuesday September 27th.

Students were able to drop-in for informal talks and experts were on hand to give advice on the UCAS application process, personal statements, student finance and to answer any general questions and queries.

As well as the drop-in sessions, there were also four presentations held in the college's lecture theatre during the day.

Nicola Lumb from the Roadshow's Outreach and Recruitment team said: "We had a steady flow of students dropping in through the day. Most of them were concerned about personal statements and we were able to give them a lot of advice about this."

College students Rebecca Williams, Lauren Malone and Sarah Rose all said they found the Roadshow very informative and had received useful advice on their university applications.

The visit was organised by Careers Co-ordinator Nikki Phelps and the college careers team.

The bus is visiting more than 30 schools and colleges across the Eastern region over the next few weeks.
