

Results Day – Thursday, August 19th

This year Havering Sixth Form College is providing an increased level of support for students when they collect their results from College on 19th August. Results slips will be available for collection from 11am-2pm but the Careers Centre, Room S5 and the IT suite will all be open from 7.30am - 5pm for students to check results online and to check for university course vacancies.

The College will also be open from 9am - 5pm on Friday 20th August, and if demand requires, on Monday 23rd August.

Staff, including the Careers team (pictured), will be available in these areas to offer advice on Clearing and students will be able to use the computers and phones.

There are two important things to remember:

- Remember to bring your UCAS track username, password and personal ID on 19th August so that you can check TRACK to see if your firm or insurance offers have been confirmed.
- Remember to **top up** your mobile phone and bring it with you on 19th August as you may need to telephone universities. There will be limited telephones available at College, but these will be very busy.

Please [click on the link](#) to see a useful leaflet with full details on Clearing.
