

## **How much does attending University cost? Find out at the College University Finance Evening on Tuesday, June 29th**

Lower Sixth students thinking of applying to University later this year are invited to a Finance Information Evening with their parents next week.

The event, being held in the Theatre, Gatehouse Lecture Hall and the Library at Havering Sixth Form College on Tuesday June 29th, is invaluable for those who want to know more about the cost implications in taking up a place at uni.

Speakers during the evening will be from the University of East Anglia, Essex and Anglia Ruskin University and they will offer expert advice on the costs of going to University and the grants and loans that are available. They will also cover the UCAS application process for those students who will be applying later this year.

The meetings will be held at 6.30pm - 7.30pm and repeated at 7.45pm -8.45pm.

Places for the earlier sessions are fully booked but there are still places available for the later time. Please book your session and direct any queries to the Careers Office.
