

## **World Music Concert and Workshop comes to College**

The world famous Grand Union Orchestra has agreed to link up with Havering Sixth Form College to become our resident orchestra and work with students interested in making music.

This is a fantastic opportunity for students because the orchestra is like no other musical organisation on the planet with musicians from all over the world who perform original music and live shows in the UK and globally.

Six of the orchestra's musicians played a lively concert in the College atrium before holding a workshop with students. These workshops are to become a regular event and all students who play instruments or sing can get involved, but especially welcome are those who play instruments from other parts of the world, such as tabla, sitar, djembe, kora etc.

Geology tutor Keith Oak, who also plays a variety of instruments himself, organised the link-up with the orchestra. He said: "This is a unique opportunity for students to learn from and perform with professional musicians and will lead to us playing two concerts with the musicians through the year."

The workshops are being held on various Mondays after College. Please contact Keith Oak for more information.
