

Focus On.... College Staff: Leo Cole

Leo Cole Conquers Mud in Maldon Race.

In early January, Leo Cole, Subject Sector Leader for Business & Administration, managed to complete the 'Mad Maldon Mud Race' for the second year running, finishing in an amazing fifth place out of 250 competitors!

Leo, pictured here approaching the finishing line, was delighted with this achievement, particularly as all sponsorship money collected is going to a selection of very worthy causes including the Essex Air Ambulance.

Leo is still collecting in sponsorship money and would welcome further contributions. To date, he has collected in the region of £200.

The Maldon Mud Race is an annual event which has been running for the past seven years. It is sponsored by the Lions Club of Maldon and the Rotary Club of Maldon. You can find out more about this event at:
