

Paint Balling Trip For Sports Students

Students on the two year BTEC National Diploma & Certificate Sport course recently visited Combat UK Paintball War Games in Laindon.

The visit and paintball activity on 25th March, tied in perfectly with the unit they are currently studying 'Health and Safety in Sport' and aimed to reinforce their classroom learning with a practical and stimulating experience looking at health and safety legislation and provision.

The students enjoyed the day and were already looking forward to a return visit. Student Joe Giggins commented: "The day created a good sense of competition between our two classes. It was challenging." Jack Miacalleg agreed: "I would do it again and recommend it to others."

The students were accompanied by teachers from the College including Colin Hanson and Chloe Newman.

Team Manager Ian Budge commented: "As you can see in the photos, a few bruises were incurred but fun was had by all!"
