

Wembley Stadium visit

As part of their Level 2 vocational Sport and Tourism course, students visited Wembley Stadium in December. The tour included the changing rooms where top footballers' shirts are displayed, the Press Room and the Royal Box where they had the chance to hold the FA Cup.

Wembley is a prestigious sports stadium and tourist destination and therefore a fitting destination for the end of term visit. The students were suitably impressed and inspired by their surroundings and their behaviour was a credit to the College.
